School _____ Grade _____

I would like to declare my intent to participate in the College Credit Plus program. I understand that signing this form does not require that I participate during the coming school year and I may decide not to participate without consequence. I also understand that it is my responsibility to notify my school if I do not gain admission to my selected institution of higher education or choose not to participate for some other reason.

In addition, I certify that I have received counseling about the College Credit Plus program concerning the rules and regulations for both my school and the college, and that I understand my responsibilities, the benefits and possible risks of participating in the College Credit Plus program. I understand that my student/family is responsible for full reimbursement to Springfield-Clark CTC for any costs associated with a course(s) that is not completed or in which a failing grade is received.

I also understand that the rules and regulations, set forth by the State and participating colleges, regarding College Credit Plus may change at any time without notice.

Acknowledgement of CCP Rules & Responsibilities

- Students cannot exceed 30 credit hours in one school year (summer to spring term). $30 - (\text{high school credits} \times 3) = \text{maximum number of CCP credit hours}$. Example: $30 - (4 \text{ classes at high school} \times 3) = 18$ credit hours to use for CCP. If you go over you are responsible to pay full college rates and for the cost of books. All grades earned through CCP will be included in the student's high school grade point average, transcript, and class rank.
- CCP textbooks need to be obtained through Mrs. Rice in the Attendance Office. Students can either email her, karenrice@scctc.org or stop by her desk in the attendance office. Students who purchase books on their own, may be responsible for the cost. Please have the complete course name, section number, and the name of the professor teaching the class so the correct books can be obtained. All books are the property of SCCTC and must be returned to Mrs. Rice in reusable condition when the course is completed. If the textbooks are not returned, the cost of the book will be added to the student's school fees.
- Students must meet with their high school counselor at the beginning of each semester to have their course schedule reviewed. Be aware of scheduling conflicts. Allow plenty of time for travel and parking between your high school and college courses. After the academic term begins, CCP students may not change their schedule at CTC to accommodate their college schedule. It is the student's responsibility to notify their school counselor immediately of any withdraws/enrollments of college courses, failure to do so could result in not meeting graduation requirements.
